HackXplore

# Participation Certificate

## Frederik Eichlohn

successfully participated in the Hackathon HackXplore 2026 from June 26th to 28th working on the challenge:

**"Smart Watering for Urban Trees" by VEGA.**

**HackXplore is an intense, innovative 48-hour hackathon that brings together students and industry leaders to empower the next generation of changemakers and create innovative solutions.**

Working on the hackathon included:

- Theoretical knowledge and practical experience in methodical work and programing
- Cross-functional and interdisciplinary teamwork under time pressure
- Pitching the final solution to a jury of experts

**Issued by the HackXplore Organizing Team NXTGN Management GmbH & MESH Stuttgart e.V**
